

Recruitment Services

[vc_row][vc_column][vc_column_text]

Let FPSI assist with your recruitment process by offering a wide range of services from creating the initial job bulletin to producing a final eligibility list from which a department can interview and hire. Recruitment can include, but is not limited to, job bulletin development, application review, applicant tracking, test scoring, data analysis, and creating a banded/rank order list. Whether you use FPSI's standard validated test packages or customized written tests, you will be assured professional recruitment services.
