

DON'T HAVE THE TIME OR RESOURCES TO TEST THE OLD-FASHION WAY?

The National Deputy Sheriff Test (NDST™) tests the “whole” deputy sheriff applicant.

The single test is now available in traditional pencil-and-paper format or online.

NDST testing is easy:

1. Select test booklets or online testing
2. Applicants either test onsite with your department with a paper-and-pencil test or online in a proctored setting
3. Your department either receives the test scores from FPSI or is given access to computerized online test scores

- Yields Higher Diversity than Traditional Cognitive Tests
- Job Related
- Addresses Federal Uniform Guidelines on Employee Selection Procedures (1978)
